Culinary School at The Academy of Richmond County

The Academy of Richmond County, located in Augusta, Georgia, is a historic high school formerly known as Richmond County Military Academy. Commonly referred to as Richmond Academy or ARC, the school serves approximately 1,178 students in grades 9 through 12, with a student-to-faculty ratio of 16:1. ARC offers a robust academic program that includes numerous Advanced Placement courses, a GATE (Gifted and Talented Education) program, and the International Baccalaureate Programme.

For this project, which focused on the school's kitchen environment, durability, hygiene, and safety were top priorities. Jemiclad proved to be an excellent wall covering solution, offering low maintenance, high hygiene performance, and sustainability. Made from PVCu resin and free of fillers, it is 100% recyclable and achieves a Class 0 fire rating.

Protect-All, a 90% recycled non-porous vinyl sheet flooring, was selected for its superior slip resistance and ability to withstand demanding conditions. Resistant to fire, chemicals, mildew, and bacteria, it prevents the absorption of stains, odors, and fluids—even under extreme temperatures in coolers and freezers.

Together, Jemiclad and Protect-All provided the ideal combination of performance and protection, ensuring a safe, clean, and long-lasting solution for the Academy of Richmond County's kitchen facilities.

COLLECTION:
SURECLAD
SKU:
1210
SIZE:
4'X8', 4'X10'
THICKNESS:
2.5MM
INSTALL TYPE:
ADHESIVE, HEAT WELD
FINISH:
GLOSS/SATIN (WHITE)
WARRANTY:
20 YEAR COMMERCIAL
