## ABOUT THE CHALMERS COLLECTION

Palmetto Road's Chalmers Collection features dual-stained (also known as two-toned) French Oak hardwood floors. The unprecedented staining technique involves two different complementary stains applied to each hardwood plank— one color is applied to the wood grain and the other is applied to the second tone underneath. Each shade stays true, never mixing. When the light hits the floor, you can see the subtle and dazzling duo of color. The colors are enhanced by a wire brushed surface treatment and matte finish that mimics an oil look.

The unique two-tone finish of the Chalmers Collection is best appreciated in a room scene photo and flooring sample. Please scan the QR code to see a full representation of the colors.

## SPECIFICATIONS

|                          |                           |                     |                                      |
|--------------------------|---------------------------|---------------------|--------------------------------------|
